Dear Parents,

As you may know, all wrestlers are required to participate in the National High School Coaches Association Weight Management Program. The program is designed to help wrestlers compete at an appropriate weight and maintain an optimum, competitive level of body fat. Student athletes will be required to provide a urine sample to determine hydration prior to an impedance test that will calculate the body fat of each athlete. Based on this information, a wrestler's minimum weight will be established that will restrict the wrestler from competing at a weight below an established national standard. The standard used for high school wrestlers is that a wrestler may not compete at a weight that reduces his body fat below 7%. The cost of this test will be paid for by C.H.S..

Our wrestlers will be tested on Wednesday, November 10 at Calaveras High School at 2:30 pm.

This is a mandatory and program for all high school wrestlers in the United States.

Please sign the attached Parent Permission Form, and return it as soon as possible. This form must be on file before the athlete can be tested.

If you have any questions, please contact Coach Bicocca or Coach Bowe at Calaveras High School.

PARENTAL PERMISSION FORM

I hereby grant _____ High School permission to allow a hydration assessment to be performed by a CIF Certified Assessor on a urine sample provided by my son/daughter for the purpose of determining if the appropriate hydration level has been met under the CIF Wrestling Weight Certification Program. I understand that the CIF requires this assessment to be completed in order for my son/daughter to be eligible to compete in wrestling in any CIF competition for the 2010-2011 school year.

By my signature below I understand that my son/daughter agrees to the following:

- ⇒ A 20-30ml (1-2 oz) urine sample will be provided by my son/daughter in a restroom facility for the sole purpose of being analyzed for the hydration (specific gravity) to be measured and recorded by a CIF Assessor.
- My son/daughter's sample will remain in their possession and under their direct supervision throughout the assessment. They will dispose of their own sample upon completion of the assessment.

I further understand the following:

- The location where the sample is being provided will be supervised by school personnel to ensure that the wrestler has provided a sample of his/her own urine without any contamination (females will supervise locations used by female wrestlers; males will supervise locations used by male wrestlers).
- Every reasonable measure will be taken to ensure privacy for the wrestler when he/she is submitting a urine sample.
- Other than for the hydration testing, the urine sample provided will not be used for any other type of analysis or testing.
- The National Institute of Health recommends that individuals who have implanted defibrillators should not participate in this test. There is no scientific evidence that bioelectrical impedance is safe on the fetus during pregnancy.

I hereby agree to release, discharge and forever hold harmless the CIF, the school and CIF Certified Assessors from any and all claims, which I might now, or hereby have with respect to the urine testing I am consenting to herein. I am free to deny any consent for my son/daughter both now and at any point during the testing.

I acknowledge that I have read this form in its entirety or it has been read to me, and I understand the hydration testing procedure in which my son/daughter will be engaged. I consent and give permission for my son/daughter to participate in this hydration testing.

DATE	_,20	NAME OF STUDENT-ATHLETE
		Student Signature
		NAME OF PARENT/GUARDIAN
		Parent/Guardian Signature

A completed parental permission form MUST accompany your son/ daughter when they show up for their assessment. An assessment will not be done if a signed form is not presented to the CIF Assessor.
