CONTRACTS

Initial Employment

When initially employed, certificated employees shall receive a written statement of their employment status and salary. In the case of temporary employees, this statement shall clearly indicate the temporary nature of the employment and the length for which the person is being hired. (Education Code 44916)

Reemployment Notices -Probationary and Permanent Personnel

Prior to May 30 of each year, the Governing Board may give or mail notices to probationary and permanent certificated employees requesting that they notify the district of their intent to remain in district service for the next school year. If the employee, without good cause, fails to notify the district before July 1 that he/she will remain in district service, the Board may consider the employee to have declined reemployment. The employee's services may then be terminated on June 30. (Education Code 44842)

If first and second year probationary employees are not given notice of dismissal or a decision not to rehire, they shall be rehired for the following year.
