

Program Improvement Notification 2011 / 2012

NCLB requires the state and district to review annually the academic progress of federally funded Title I schools and to identify schools in need of improvement. These schools are identified as Program Improvement (PI) schools after two consecutive years of not making adequate yearly progress (AYP). Currently, Valley Springs Elementary and West Point Elementary are in Program Improvement, year 1. San Andreas Elementary is in Program Improvement, year 3.

School Choice: All parents/guardians of students attending a PI school have the right to request a transfer of their child(ren) to a non-PI district school with district-paid transportation.

For parents who select this option, the district will provide transportation to the non-PI school for as long as the home school continues to be identified as a PI school. If the demand for transfers exceeds funds available, priority will be given to the lowest achieving, low-income students.

Non-PI schools in the district available for transfers are listed below:

Name of School	2010/2011 API Scores (800 target)	English Language Arts Percent Proficient / Met AYP? (Federally set target = 67.6%)	Mathematics Percent Proficient / Met AYP ? (Federally set target=68.5 %)
Jenny Lind Elem	776	49% / No	54.9% / No
Rail Road Flat Elem	830	50% / Yes Alternate method	78.3% / Yes
Mokelumne Hill Elem	834	63.1% / Yes Alternate Method	54.5% / Yes Alternate Method

For the 2011/2012 school year, San Andreas Elem, Valley Springs Elem, and West Point Elem students are eligible for School Choice transfer.

Two students have elected to transfer schools for Program Improvement reasons.

Supplemental Choice Providers: Supplemental educational services (SES) refer to extra academic help available to eligible students attending a school in Program Improvement, years 2+ (currently San Andreas Elementary). This extra help can be provided before or after school at no charge to the family. If the demand for services exceeds funds available, priority will be given to the lowest achieving, low-income students.

Parents choose from a list of state approved providers. The list can be found at:

<http://www.cde.ca.gov/ta/ac/ti/ap/providers.aspx?district=133>

Each provider indicates the location(s) where SES are provided, as well as information about serving students with disabilities and/or English Learners.

For the 2011/2012 school year, 282 San Andreas Elem students are eligible to apply for Supplemental Services.

Eight students have applied for services.

For more information, contact the District office at 754-2333.
