Work Experience Education

The district's work experience education (WEE) program shall consist of one or more of the following types of unpaid and paid on-the-job experiences: (5 CCR 10071)

1. Exploratory WEE which provides students with a combination of related classroom instruction in WEE and unpaid opportunities to observe and sample systematically a variety of conditions of work for the purpose of ascertaining their interest and suitability for the occupation they are exploring

The length of exploratory WEE assignments may vary depending on the aptitude of the student, the occupation being explored, the facilities of the work station, and the job classification. A student may not participate in an exploratory WEE assignment if he/she receives pay for like work at the same work station or similar job outside of the WEE program.

2. General WEE which has as its purpose the application of basic skills of reading, writing, and computation and which provides students an opportunity to acquire general and specific occupational skills through a combination of supervised paid employment in any occupational field and related classroom instruction in WEE
3. Career technical WEE which reinforces and extends career learning opportunities for students through a combination of related classroom instruction in WEE and supervised paid or unpaid employment in the occupation for which their career technical course in school prepares them

(cf. 6011 - Academic Standards)
(cf. 6143 - Courses of Study)
(cf. 6178 - Career Technical Education)

The student-teacher ratio in any WEE program shall not exceed 125 students per full-time equivalent certificated teacher coordinator. (Education Code 46300)

(cf. 6112 - School Day)

(cf. 6184 - Continuation Education)

(cf. 6177 - Summer Learning Programs)

Each WEE program shall operate under the supervision of a teacher-coordinator. The teacher-coordinator shall make at least two on-site contacts per semester with each work supervisor or at least one on-site contact during summer school to evaluate student performance. (Education Code 51764; 5 CCR 10074)

Any student who satisfies the above requirements but is under age 16 may be granted credit under any of the following conditions: (Education Code 51760.3)

1. The student is enrolled in grade 11 or higher.
2. The principal certifies that the student is in need of immediate work experience education in order to pursue employment opportunities.

(cf. 6159 - Individualized Education Program)

Cooperative Career Technical Education Program/Community Classrooms

To be eligible for program participation, a student shall be concurrently enrolled in a CTE course or program approved by the California Department of Education and shall meet other criteria specified in 5 CCR 10103 as applicable. (5 CCR 10082, 10103)

At least one instructional period per week of formal CTE classroom instruction shall be provided to participating students. Each CTE instructional period shall be equivalent to a minimum of three regular classroom instructional periods of at least 50 minutes each week. (5 CCR 10085, 10106)

Teachers assigned to the program shall locate and select training stations to provide participating students with unpaid on-the-job learning experiences in the specific occupation related to the approved course or program. (5 CCR 10086, 10107)

Participating students may attend job shadowing opportunities for up to 25 hours but no less than three hours in one semester, intersession, or summer school session. However, a student may be permitted to participate for up to 40 hours in one semester, intersession, or summer school session, if the principal certifies that it is necessary for the student's participation in a CTE program.
